Fabricators

Description

We are looking for **highly skilled and experienced Steel Fabricators** to join our growing team at the Workshop. Minimum 5+ years in steel fabrication

Responsibilities

- Read, interpret, and work from technical drawings and fabrication blueprints.
- Perform cutting, welding, grinding, drilling, and assembling of structural steel components.
- Ensure accuracy, quality, and alignment of fabricated parts.
- Operate fabrication tools and equipment safely and efficiently.
- Maintain a clean, safe, and organized workshop environment.
- Work collaboratively with Project Engineers and supervisors to meet project deadlines.

Eligibility

- Proven hands-on experience in steel fabrication (5 years or more).
- Strong knowledge of welding techniques (MIG, TIG, Arc, etc.).
- Ability to measure, mark, and cut steel with precision.
- Familiarity with workshop machinery and power tools.
- Ability to work independently with minimal supervision.
- Good physical stamina and attention to detail.

Job Benefits

- **Attractive salary** based on experience and qualifications.
- **Overtime pay** for extra working hours.
- **Free accommodation** provided by the company.
- **Free transportation** to and from the workshop.
- **Medical insurance** as per company policy.
